Subject: Save our reserves

As a 5 year diver, I am recruiting all of my friends and family to learn to dive with me. I urge you to consider extending our reserve at Gerstle Cove & Fort Ross to help ensure they too will recruit their friends and leave a beautiful reef for us to dive. Our oceans are over-fished as it is. Populations of fish have been drastically reduced over the past several years and the ocean cannot keep up with the rate of our harvest.

Sincerely,

Kelly Buckley
